Achievements

16 Jun 2000: Worked as a freelance roadie for various South African acts including Wonderboom,Tweak and Cutting Jade.

13 Mar 2002: Stated working as part time sales person at a audio and visual appliance store named Hifi Corporation.

04 Jun 2003: I opened my own business called Smack Entertainment.cc as a recording studio,rehearsal studio and live production company while working part time for various South African acts such as Wonderboom , Sugardrive, Cutting Jade and Tweak. I also worked Part time for a company called Authentic Ideas where we would oversee festival management, stage management and International tours around South Africa including International artist such as Avril Lavigne ,Danko Jones, Soulfly, Blind Side and many more.

05 Mar 2004: The live production side of my company excelled into well trusted audio and visual company with clients all around South Africa being the preferred supplier for various South African tours of artist. My already work experience and clientele helped my company

into growing into a well established technical supplier hiring professional freelance staff for various events.

07 Mar 2006: The company and my self branched out into live recordings for DVD and Television. Multitrack recoding and final mix of rock concert 7 at the Carnival casino big top arena in Johannesburg was the start of this venture that would later become a big part of the company.

24 Apr 2010: My company Smack Entertainment and myself started working in the corporate field of technical supplier for various corporate events, gala dinners and award ceremony's quickly becoming a trusted and well know name in the industry.

26 Jul 2012: My Company acquired enough equipment to go into the field of outdoor festivals. With my knowledge and experience in the industry I supplied audio and visual equipment and sound engineering for numerous festivals and international acts . Festivals including Oppikoppi, Seasons wither, Thornfest , Woodstock South Africa and Kranked up. International artist include 36 Crazyfists ,Monuments, Haste the Day , Our Last Night, Karnivool, Blind side, Scott Stapp and Alien Ant Farm just to name a few.

24 Mar 2013: With my experience and well known sound engineering skills I was chosen as the front of house engineer for the opening acts for Metallica's South African tour

30 Sep 2014: I was hired as the front of house engineer for international act Monuments on their South African Tour . I was also hired as the engineer and technical supplier for various television programs live and pre recorded . Tv productions include One Gospel, Orbid Jazz Sessions, Nickelodeon kids genius , Rock Spyder and Break the beat to name a few.

16 May 2016: With my company running well with festivals, corporate events and tours I kept a good relationship with various South African artists including Crashcarburn, Gangs of Ballet and Mathew Mole touring with locally and abroad as there preferred sound engineer.

13 Feb 2017: I was hired as the technical supplier and monitor engineer for international act Karnivool from Australia and front of house engineer for Our Last night from the USA on their South African tours. I was also hired as engineer for South African act Crashcarburn on there tour to Russia performing at the Russian bike Festival . My company also kept on growing being the preferred supplier of technical equipment and engineers for the A list of South African acts including The Parlotones , Van Coke Cartel, Jack Parow , Prime Circle and Die Heuwels Fantasties to name a few.

08 Mar 2018: I was hired as the front of house engineer for long running international act Alien Ant Farm on their South African Tour. My company also achieved the grow bigger and supplying bigger and more event. My company was chosen to be the technical supplier for international act Crash Test Dummies on their Southern African Tour of out door performances . I was also hired as the touring engineer for South African act Lost and Found on their tour to Taiwan
