### **Personal Profile**

- I am a confident, flexible, adaptable team player, also possessing the ability to make decisions quickly where necessary.
- An effective communicator, I am able to build business relationships with both colleagues and customers on all levels.
- Capable of completing large jobs as well as day to day odd jobs.
- Effective when working in a team, and more than capable of working on my own.

### **Key skills and strengths**

Problem solving	Determined and focused
Personable	Results driven
Self motivated	Communication
Attention to detail	presentation

### **Career summary**

#### **2012 – 2015**

#### **Thompson building services (Bedford) ltd**

- Small family run business.
- we specialise in all aspects of plumbing and heating ranging from bathroom suits to new heating systems including boilers and boiler breakdown repairs.
- Whilst here I served my NVQ level 2 apprenticeship in plumbing and heating.

- During my working week I worked on my own and as a team member with colleagues.

### **2015-2016**

#### **B Wells Plumbing and Heating Ltd**

- Small family run business.
- we specialise in all aspects of plumbing and heating ranging from big boiler installs but mainly high-end bathroom suits.
- During my working week I worked on my own and as a team member with colleagues.

### **2016-Present**

#### **Homeserve Plumbing and Drainage**

- Big international business.
- Here I carried out plumbing maintenance and plumbing repairs and drain unblocking and repairs, This also included plumbing emergencies.
- Here I also specialised in thermal imaging for leak detection for locating leaks on hot pipes under concrete floors.
- During my working week in work solely on my own with the rare occasions to be working with other engineers for bigger jobs.
