I have been in a privileged position to be able to run my own business whilst in full employment.

Business breakdown:

Travel agency/Hospitality Management Services

French Restaurant 'Allo Allo'

Stationary Shop 'PCP Stationers'

Car Wash 'Modi Car wash'

I have unfortunately been forced to close all the companies in 2017 due to economic situations and BEE rates which makes it impossible for me to do Business unless I give 51% of my Companies to a Black Partner.
